## Antakshri Programme

Melodies exchanged

The Senior Social Committee of Visa Oshwal Community held an Antakshri Program on Thursday, 19th July 2018 at the Visa Oshwal Mahajanwadi, Limuru Road.

Kathiawadi lunch being enjoyed

This program was attended by over a hundred and fifty seniors with 4 teams participating.

The seniors enjoyed singing their favourite songs and relived their memories.

Thereafter a delicious "Kathiawadi" lunch was served and enjoyed by all.

A vote of thanks was given to all the seniors and a word of encouragement to always participate

Reminiscence of old tunes

Vote of thanks.

## Life Saving Services-Rescue Partnership

Volcing of concerns

Details of services offered being given To the members

An exciting partnership with rescue to give Oshwal members an exclusive discount on life saving services.

With over 50 road ambulances in Nairobi alone, you no longer need to spend hours waiting for help or calling 999.

Once you call rescue they dispatch the ambulance

closest to you to respond to your emergency needs.

To register for Rescue you can sign up on [www.rescue.co](http://www.rescue.co) or call 0714911911 to speak to a Rescue representative. For online registration contact the VOC office for the discount code.

Let us all keep safe.

## Prestige Wheel Cabs,

Wheelchair cabs is a great idea started by a former banker Mr. Sunit Shah. He came up with the idea of Prestige Wheelcabs after watching several members struggling to get family members into the car and out.

The Wheelcabs provides peace of mind to those in need of the service and to those coordinating the service for their loved ones or friends.

Prestige Wheelcabs is able to transport a wheelchair user directly into the vehicle without having to remove the person from the wheelchair itself. They have one that is supported by a ramp and two others that have hydraulic lifts and can carry up to 2 wheelchairs per vehicle.

The drivers are well trained to support this service.

## Ambitious Young Writer, Ayushi Dodhia

Ayushi Dodhia is an ambitious young writer who has been reading and writing since childhood. She was inspired by authors such as Roald Dahl, Willard Price and J. K. Rowling. It was an easy outlet to express herself, and the words brought about an escape into a magical world where characters were bold, brave and flawed.

She published her first book titled "Teenage Girl's Guide to Happily Ever After" in her second year of university. The story revolves around the journey of 6 teenage girls, their friendship, huge hearts and of course the hardships that come with growing up and learning how to be independent. The story focuses on some issues young girls are facing today, and helps gently guide them into a better state of mind.

She is currently writing another book- one of a four-part series, genre: fantasy fiction, titled "Fury of the Falcon". This current book revolves around four "fallen" angels, who have been sent down from heaven to protect the earth from an evil force which manifests itself as the Seres Malignos - the evil beings. They also control the four elements: earth, water, fire and air, and each has a counterpart which help amplify their powers as well as host powers of their own, empowering them to work together in harmony and survive.

This newer novel is available on an online platform called Wattpad, <https://www.wattpad.com/story/96670752-fury-of-the-falcon>.

**DO YOU HAVE UNCLAIMED FINANCIAL ASSETS?**

Dear Members,  
 The Unclaimed Financial Assets Authority (UFAA) is an Authority created under the Unclaimed Financial Assets Act, No. 40 of 2011 to administer unclaimed financial assets. The primary mandate of the Authority is to receive unclaimed financial assets from the holders of such assets, safeguard and re-unite the assets with their rightful owners.

The UFAA has an online portal as mentioned below whereby you can search whether you have any unclaimed financial asset(s).

[www.ufaa.go.ke](http://www.ufaa.go.ke)

We urge members to search their names from the above site and contact the Unclaimed Financial Asset Authority to further process any claims.

We all know the importance of planting trees. Apart from clearing carbon emissions created by factories and emitted into the air we breath, trees help in rainfall patterns and in lowering the temperatures around us.

India planted 66 million trees in 12 hours! To make India green again they came together in that same spirit Kenyans have called Harambee... 1.5 million volunteers broke the World Record for planting trees! Millions of saplings!

Nairobi was once known as the Green City in the Sun, it should therefore be the first county to kick start this initiative and have a project to boost eco-tourism and carbon neutrality as trees help in clearing carbon emissions emitted into the air by factories.

**Together we can make Kenya Green again!**

**"Together"**  
We can make Kenya Green Again!  
The Green City in the Sun can now  
shine again like it used to shine!

## The Wise Woman's Stone

A wise woman who was traveling in the mountains found a precious stone in a stream. The next day she met another traveler who was hungry, and the wise woman opened her bag to share her food.

The hungry traveler saw the precious stone and asked the woman to give it to him. She did so without hesitation. The traveler left, rejoicing in his good fortune. He knew the stone was worth enough to give him security for a lifetime.

But a few days later he came back to return the stone to the wise woman.

"I've been thinking," he said, "I know how valuable the stone is, but I give it back in the hope that you can give me something even more precious.

Give me what you have within you that enabled you to give me something more precious.

Give me what you have within you that enabled you to give me the stone.
