Oshwal Youth League

The Oshwal youth League Nairobi is currently hosting a monthly recycling project that is now onto the 5th collection. The project that initially started with collecting PET plastic bottles only, has now grown into collection of other recyclable plastics and all sorts of paper too. Members of the Oshwal Youth League gather at the Oshwal Sports Complex once a month (usually the last Sunday of the month) to sort out the collection into the 3 different categories, weigh the collection and send it off to its respective vendors for recycling. The league's ultimate goal for this project is to plant as many tree's possible funded by this recycling initiative i.e. all the funds collected in this project less the direct expenses shall be diverted fully to our tree planting initiative.

We are extending our hand to various commercial outlets (offices, restaurants, cafe's, karga venues, banks etc) to work hand in hand for this noble cause. We can come up with a specific collection plan for each of the commercial outlets. Get in touch with the project convenors - Savan Shah (0716808069) or Kavita Shah (0737868687) for further details.
