

CHAIRMAN'S MESSAGE

Dear Oshwals,

Jai Jinendra and I hope all of you are keeping safe and protecting yourselves. It's been an unusual 13 months since the country experienced the first case of Covid 19 and all of us have had to adapt to a new normal of life from wearing masks to sanitizing and social distancing. Words like pandemic and Covid 19 now belong to our daily vocabulary. The last few months have been challenging as many Oshwal Members have contracted the dreaded COVID-19 Virus and continue to do so while sadly and regrettably some have lost the battle against it. At the community level, events that are normally the main stay of Oshwal Centre can not take place and Oshwals cannot meet each other but have to instead adopt social distancing. As we learn to live with the virus and we embark on a new kind of normal I pray that things will improve for the better soon.

I would like to take this opportunity to introduce the incoming Management team. This team is a team comprising of young Oshwals who have a passion to serve the Community. The team comes with a goal in mind – HARMONY, UNITY and PROGRESS of the Community. For too long we have seen a split in the Community amongst lines of political bias and egoism. The fact that we all originate from one place and we all belong to one Community has been forgotten and been replaced by divisiveness. Whether an Oshwal arrived here a hundred years ago or five days ago we are all from the same roots and we need to be ONE. There is no greater strength than Unity. I believe it's now time to put the Community interest at the forefront. So let's come together to work for the greater good of this Community rather than working for our own interest and agendas. Oshwals are known to be tolerant people and strong believers in non discrimination and I strongly urge that each one of us adapt this policy in our daily lives.

My message to the Community is very simple let us celebrate being Oshwal, Let us take on the spirit of Oshwalism to a new high. Let us volunteer for the Community and let us develop a sense of being one family, the Oshwal Family.

Through this year the Management Team has a purpose and an agenda to better the Community spirit and even though the current pandemic may not allow us to achieve what we may desire we will make a start. Some of the activities that we plan to do include:-

1. A Jainism spiritual centre and Museum at Mahajanwadi. A task force for the same is being created and those wishing to contribute ideas or information are very welcome.
2. Day activities for Senior Citizens at Seniors Lounge to start once the lockdown regulations are lifted.
3. More online Religious, Social and Economic Welfare programs.
4. Upgrade and Refurbishment of the Oshwal Centre washrooms.
5. Youth Mentorship Programs online.
6. Increased sports activities and tournaments

This list is by no means an exhaustive list and I am a great believer in Community participation. We believe that all you members may have certain ideas on what should be done to better the community and if so we request you to email the same to the VOC office so that we can all collectively try and achieve these. I request all of you members to support the current Management Team to make a positive difference to our Community.

Stay safe and Be safe
